

Great decisions aren't just about instincts, they're about numbers.

STRATEGIC DECISION MAKING USING MANAGEMENT ACCOUNTING CONCEPT

This one-day workshop help professionals understand management accounting and make smarter, data-backed decisions.

DATE

05th May, 2026

VENUE

AshreiTech Academy, NASTP
Main Sharah e Faisal, Karachi

TRAINING OVERVIEW

Every business decision, whether strategic or operational, has a financial dimension. Decision-making is required at every level in the organization and these may pertain to marketing, promotion, production, planning, inventory management etc. Quality decisions require qualitative information. Quantitative information is also used as a basis of decision-making.

By strengthening cost concepts and their application, business leaders can be better equipped to drive sustainable growth, improve resource allocation, and foster collaboration and communication with cross functions..

This workshop will help business executives to enhance their decision making ability by applying Management Accounting concepts and communicating effectively with CFOs and CEOs, as this course.

LEARNING OUTCOMES:

- Understand core management accounting concepts.
- Analyze costs in different business situations (Special pricing for Export and Institutional business deals and Tolling).
- Understand profitability and contribution margin for business decision making .
- Make data-driven, sound choices.

WHO SHOULD ATTEND

- o Entrepreneurs and Senior Business Executives
- o Functional managers who take operational decisions
- Sales & Marketing Managers
- Supply Chain / Procurement Managers
- Production / Operations Managers
- Engineering Managers
- HR Managers

These roles frequently deal with costs, pricing, and profitability
